Where are you going this weekend?	
Here at SunWhere we want to help you make the best choice for your weekend away. All to often we cannot decide between hotels and use ratings to make better decisions. What we dont always bother to rate is the possible upcoming weather. To help you with this problem we will take your possible destinations, and rate the weather for the upcoming weekend. Simply fill in a maximum of 4 destinations below, and click Submit And we will do the rest
